ABOUT THE HEALTHCARE WORKFORCE SUMMIT

The Summit is a one-day gathering of healthcare industry participants for education and networking. Designed to foster collaboration to improve the healthcare workforce, the Summit was founded and is led by volunteer industry professionals and association leaders who determine the Summit's educational content and secure subject matter expert presenters and panelists. The Summit is unique among education and networking events in being collaboratively presented and promoted by multiple healthcare industry associations. The Summit is marketed by all presenting associations and founder corporate organizations. The traditional healthcare industry verticals targeted for Summit attendance and participation include: acute care, skilled nursing, assisted living/dementia, rehabilitation, senior housing, home health, managed care, healthcare information technology and related fields representing for profit and non-profit organizations. Within these industry verticals, the targeted audience includes: C-Suite Executives (CEO, CFO, COO, CIO), Executive Directors/Administrators, and Leaders in Missouri's healthcare industry.

SPONSORSHIP BENEFITS

This is the only event in the State of Missouri to provide visibility for your company or organization to multiple Missouri healthcare associations and their members. Your sponsorship affords excellent exposure through Summit signage and other event recognition, printed Summit materials and multiple e-marketing and individual association communications.
